MONTHLY TRAINING PROGRAMS

Training programs may be designed for the needs of each horse and owner and their individual goals. Owners may have their horses trained in their absence or while they are present and participating. The trainers can work on dressage, jumping, lunging, ground work and trail riding. We value a well-rounded education that incorporates all of these skills. Our objective is to create horses that are well mannered, calm, confident and balanced. Please read the Training Information Sheet to learn more about our training program.

A former successful preliminary level event competitor, she currently competes at Fourth Level Dressage. The assistant instructor is an HA graduate of the United States Pony Clubs. She has trained and competed in the United Kingdom and Australia in dressage and eventing up to the Third Level and Preliminary/One Star Level.

Tack and Equipment

Owners must provide a suitable and well-fitted saddle, girth and a bridle with a flash noseband attachment. We also appreciate the provision of clean saddle pads, grooming tools and protective boots for the horse.

Payment and Scheduling

Owners will pay for the monthly training program by the 1st of each month.

If the owner would like to be present at the time of the training, they must schedule the training session in the lesson book located at the indoor arena and present the horse in tack to the trainer at the scheduled time.
